

# USB-A multi-charger 6-port 6,3 A with 2 sockets type F

Item-no.: 0601x0a02203303 (3 m cord)

Noble, transparent anodized aluminum case, matt

3 USB-A double-port with max. 2.1 A each with intelligent control of charging current

Enables fast charging of up to 8 devices at the same time

Especially suitable for smart phones and tablets from Samsung, Apple, Huawei, HTC, LG, Sony, etc.

3 m power cord with angle-plug, for flexible positioning

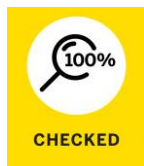

Built-in sockets (90° rotated), round

Expanded contact protection by using a shutter

2-pole switch, no stand-by consumption

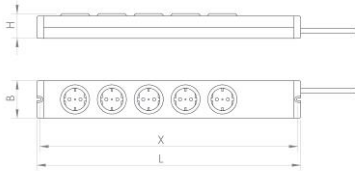

End caps with mounting possibility

Output overcurrent limitation and output overvoltage protection, checked according to EN 62368, EN55032, IEC61000 and EN 55024

## USB-A multi-charger 6-port 6,3 A with 2 schuko sockets

### Technical data

3.600 W Power	230 V ~ (+/- 10%) / 50 Hz Rated voltage	16 A Rated current
Power cord: H05VV-F 3G 1,5 mm <sup>2</sup> - 3m length Plug: CEE 7/7 plug, angled type EF USB: 2-fold charger, AC voltage range: 100-240 V AC, 50/60Hz Output voltage: 5V DC Charging current: max. 2,1 A (per 2-fold charger) Compatible: Apple, Android, Google, etc. Sockets: earthing contact Type F Switch: 2-pole, unlit, black Safety class: IP20
